

Adoption Application

Thank you for taking the time to fill out our questionnaire. You can fill this out digitally or print and write it out manually.

The purpose of this application is to learn a little about your family and home so that our organization can make the best possible match for both you and our rescue animal. Our main concern is placing our animals in a compatible home with a family that will give them a LIFETIME commitment of love and proper care. This consultation process is designed to help us determine if the adoption is in the best interest of both the animal and the adopter. Please be aware that while completing this application does not bind you to adopt one of our animals, neither does it guarantee that we will place one of our animals in your home at this time.

IN ORDER TO BE CONSIDERED AS AN ADOPTER TODAY, YOU MUST:

* Be 18 years of age or older. * Have identification showing your present address. * Have the knowledge and consent of your landlord. * Be able and willing to spend the time and money necessary to provide training, medical treatment and proper care for a pet for the entire life of that animal.
